4(c) in which he concedes that Petitioner is entitled to compensation in this case. Am. Respondent’s (“Resp.”) Report (“Rept.”) at 1 (ECF No. 30). Based on a review of the medical evidence, Respondent states that “[P]etitioner has satisfied the criteria set forth in the Vaccine Injury Table and the Qualifications and Aids to Interpretation (“QAIs”) for brachial neuritis from his Tdap vaccine” and satisfied the statutory severity requirement. Id. at 8. Therefore, “[P]etitioner has satisfied all legal prerequisites for compensation under the Act.” Id. at 9.

A special master may determine whether a petitioner is entitled to compensation based upon the record. A hearing is not required. § 13; Vaccine Rule 8(d). In light of Respondent’s concession and a review of the record, the undersigned finds that Petitioner is entitled to compensation. A separate damages order will issue.

**IT IS SO ORDERED.**
